They say that 40 is the new 30. I really don't care. Do you? Look at me. A year ago I was selling cheese in Wisconsin with a hairy bush and a minivan. Now, I'm an all new person ready to take on the world. Say that you're ready for me and more like me?

Yes, my partner and I have the same name, so it was very interesting when the director kept barking out instructions. At times we didn't know who he was referring to. Alex... move your leg, Alex... look at the camera. Alex... move your left hand. Which we both do in unison, but when he said Alex, shove it in deeper, I said shove what in and the crew all broke out laughing. After all that confusion

Alex Dane

was resolved, we went on to do a great scene. I have been out of the business for a while, but it was just like getting on a bicycle after being off for a while. It's just that now, it's a cock that I'm riding and not some smelly old bicycle seat.

Go online right now and watch this scene. It will rock your socks and get you off and all that good stuff. Just ask us: Alex and Alex.

Bootylicious

I'm a very open-minded woman who loves posing nude, and I watch a lot of porn. It makes my pussy wet and my clit throb watching all the hot, sexual action on the screen. So does watching a person masturbate. People call me a little perv, but sex is a beautiful, feel-good thing. Without sex. We would not be here. It shouldn't be

Vannah Sterling

frowned upon. The naked body is part of nature as are we all.

My favorite sex act is anal. I can't get enough of my partner's cock up my butthole. Sometimes it will be the only type of sex I'll have. And also, I like to be tied up and spanked like the naughty wench that I am. I've always liked spending a lot of sexual energy as possible sucking my partner's cock. I especially like it soft in my mouth and feel it grow as my tongue works on it. It's a great feeling of woman power and control.

Voracious

I wasn't enjoying life anymore like I used to. I was bored. I'd given up a promising career and most of her friends had gotten married and settled down into their suburban lives. I'd had a lot of sex, with both men and women, but never had I had an orgy. I wanted as many men as my mouth and body could handle. Why not? I had always wanted to have two cocks at once, so why not three or four or

Carmella Bing

more? So all I had to do was walk into the room with my big boobs hanging out and await a good banging. I hadn't fucked in a while, so my pussy ached from having gone without cock for a while. The slightest touch of cock to my pussy lips made me instantly drenched. I would have screamed but my mouth was filled with cock. I'm ready to get wild. I want to feel those young, hard cocks in my wet mouth, my hot pussy and my throbbing brown star. Now, with all that done, I'm ready to explode.

VAMPS WITH STAMPS

TROPICAL THUNDER

My husband Spencer and I moved to Tampa a few months ago. We love the place and the snow bird community there is pretty large and quite welcoming. We like the hot temperatures, sunshine, beaches, a more relaxed lifestyle and plenty of new opportunities for my husband's job searching. We packed up our entire house in a Cleveland suburb and moved it down to Florida. Within a couple months Spencer had landed a pretty good management job with good pay and long working hours.

IT'S LEXI...

I went to high school with Lexi from your last issue. Growing up in the South was great for us because it makes us friendlier and more passionate. Watching her fuck in your video reminds me of the same person I knew back then, only the tats are new.
I'm glad she's found her niche in life because she's such a sweet girl. Maybe one day I'll bump into her again.

• Barry, Louisiana

But what I soon found out was that my man's long hours mostly consisted of him screwing his secretary and any other woman that would walk into his office. I knew our spark had been gone for a while, but I hoped the change of lifestyle would bring us closer together, not tear us further apart. But if that's how he wanted things, that's how he would have them. Lucky for me, the pool guy one was a hot piece of young man ass. One day when he stepped out onto the patio and ready to clean the pool, he found me half naked and on my knees. I was wet with joy, because not only was he good-looking, he was hung quite well. He came over and the next thing I know I was squealing and moaning as my pussy was split open by the biggest cock I'd ever taken. It felt so good in my pussy that it must feel even better in my ass.

I reached back and lubed it with my pussy juices. Taking the hint, and without even asking, he shoved his manly rod inside my butt for a good, rough anal fucking. I was so hot and horny, I thought I was going to bruise my clit from rubbing and pulling at it so hard. Finally, my ass filled with his cum, I started to cool off. If the other men down here felt this good, I was going to have to start fucking someone new every day. Now my husband isn't the only one enjoying our new digs.

• Claire in Tampa

BEHIND CLOSED DOORS

Living in the Big Apple, I enjoy my busy life, but I make it a priority to carve out some alone time each day. My business keeps me running around the city, working and taking care of all the mundane minutia. After the day is done, it's a great feeling to be able to shut the front door and get away from it all for a while. What happens behind my closed-door is a mystery to all, and that's the way I like it. There's definitely a difference between the private me and the public me. I like to maintain that line, you know. It's important to have some secrets. Those are oftentimes the things that keep me sane

in today's rat race.

In my private times, I admit that I occasionally get up to something naughty during my solitary stints. Of course I masturbate. It's not like I want to turn myself on anything; it's more about just being a sexual person, but isn't everyone a sexual person? I think so. If not the human race would die off. But you can have lots of sex and not be a sexual person. It's about enjoying it having fun making your sexual life about personal expression.

I like it when partners are involved, but sometimes it's nice to take care of my own needs. I know my body better than anyone I can find my own rhythm. Alone, I can be selfish and get exactly what I want without having to worry about hurting someone's feelings. I only wish that men would understand this and realize that they are not the only ones that can satisfy a woman.

• Bettina, Manhattan

IT'S ALL ABOUT ME

Let me tell you something about myself first. I'm 44 and I'm friendly, outgoing, funny and spontaneous. I've been told I'm also charismatic, but that's up to others to decide. My newest venture is to have some sexy photos done of myself before the years deny me my opportunity. I think I've come to the right place for it to happen. I love getting naked for a guy, but doing it for thousands of men all over the place is a real rush. Even though I can't see them, or you, I know you'll like looking at me and the thought that you might be jerking off to my pictures is an even bigger turn on.

Even at 22, I had my career mapped out. I wanted to one day own my own bakery, and after opening a string of them across the state of Indiana, that just wasn't enough. Oh yeah, I made money, but my personal life suffered for my devotion to the oven. I took on more extracurricular activities that would make me more desirous: I'd go to the gym every day, I'd shop for shape-revealing clothing, but my favorite pastime

is having wild, crazy sex. I'm playful, aggressive and will try anything at least once. And I probably have.

After I tried anal sex in my thirties, I don't mind it any more. At first it was a little too painful, but I had a compassionate lover and I was willing to keep trying. It took about a month of booty banging before I enjoyed enough to have it be a full part of my sex life. We started by using a little finger-sized dildo and progressed to a full cock size one. We decided that would be the best way for us to do it rather than just putting in his cock in there and having me get used to it. It allowed for better control of the in and out motions.

By the time I had progressed to the bigger dildo, I was ready for his cock. Now my ass needs a good pounding once in a while. Hands down the best position for me to do anal is doggy style. It allows for greater penetration and the cock goes into the anus straighter and with less pain. While that now a lot of fun, I think a special talent of mine is giving a phenom-

PERSIA and SANDRA

Sometimes even we are amazed at what some women will do in front of the camera. This was supposed to be a regular girl on girl shooting. But after the camera started rolling Sandra and Persia showed up with a bag of dildos.

Sandra went to work on the delicious pussy in front of her. Within fifteen minutes, the two were howling and moaning in ecstasy.

Now that's our most favorite type of sizzling hot lesbian hardcore action.

enal blow job, and every now and then I like having sex in public. The fear of getting caught just adds to the excitement.

But my sexual enthusiasm doesn't stop there. I once had a threesome in the city park while cars were passing by and we were giving them a good show. I would love for someone to just throw me down in the middle of a conference room and start fucking me. That would be the ultimate rush. Another fantasy of mine takes me back to my college years when I fantasized about blowing a hot professor during the middle of class. I would be on my knees, hidden by the podium and I'd be sucking his dick and balls while he lectured the students on fourth dimension math problems.

• Victoria in Gary, IN

BIG BANGG THEORY:

Remember Mia Bangg from last issue? "I love being naked, and I love having my picture taken. I also love reading, traveling, networking and collecting rocks and other hard things. I'm ferocious as a tiger when it comes to sex. I pounce on men and women. I love putting whipped cream all over their private parts and licking it off. Giving great blow jobs for hours is my super favorite. I also love getting head, especially while 69ing. I'd love to have sex in outer space. I'd also like to have met Albert Einstein because he loved the universe. I wish I could jump in a time machine and show him the big bangg."

WHERE TO LOOK?

At some point in most men's lives, they've probably met someone like me – mysterious and always an arm's-length away. The one that kept to herself. The girl that never looked at you, but through you. She dressed in dark clothes that hid her body, but underneath you knew she was probably smoking hot. This girl is now a woman. And this time, she's right here. You just have to love a woman who has the balls to pierce her nipples and labia. That usually means she can take whatever you can dish out. Just be sure you have enough.

I like shy guys. They're the ones I hung out with in college and when I worked at the airlines. But you get one alone and that shyness evaporates. They're the first ones to go down on you. Now it's more than twenty years after college and my sexuality has matured. I still like shy guys, but that doesn't last too long around me anymore. I'm now usually the aggressor. It doesn't take me long to get them naked and their cock into my mouth.

I usually pull off my own pants and shove my pussy into their faces. After a moment they are deep into it, shoving their tongues into me as deep as they can. I specially like it when they pull on my pussy's hardware. It adds that extra tingle. That's why I did it. It really feels good when I'm the one tugging on them. The added sensation makes me come quicker. Now I'm that I'm a more mature woman and I'm having the best sex I've ever had. Seems like I'm always hot, because... I always am; and always find time to satisfy my sexual desires.

Those desires often control me. I once saw another woman at a coffee house and thought how attractive she was. In a simple was, doing a simple thing, I found her arousing and fantasized about her that night. That got me thinking about making love to a woman. That's something I would not have even considered ten years ago. Today, I have three lady lovers at my beck and call.

So, I thought I'd drop your magazine a line to let your readers know that there are plenty of women like me out there ready and willing to meet good men, and we're really not that hard to find. If you know where to look...

Fuckable

It's quite appropriate that Kristal hails from someplace hot. She's a sexual hottie whose voluptuous figure, fishnet stockings and bedroom eyes make her a far cry from the typical soccer mom. Kristal, a real head turner, kept getting into trouble when she was younger. You could say she was a wild child but likes to think of herself more as a free spirit.

However finding free moments can be a chore. But

Kristal Summers

never a day arises when she would want to rewrite her story. Although readily admitting that looks are important when it comes to choosing sexual partners, Kristal equally appreciates sincerity warmth and a sense of humor in a man. She's all about goofy banter and soft eyes. Those sorts of things drop her to her knees ion front of the man she wants.

I'm very upset that Daryl can't keep her promise to pay her rent on time. I've had several talks with her about it, but this time we have to resolve the situation once and for all. I asked her come to my office and when she did, I pulled out her lease and explained once again about the necessity of

Clair Brooks & Daryl

being punctual with the rent money. Daryl told me she needed another week to get all of it. I told her that was not good enough this time and something had to be done about it. I asked her if she knew the expression: 'A pound of flesh?' She said she didn't and I had to explain. I moved in to whisper to her and then began extracting payment. First her dress came off, then her mouth was put to work. I started feeling bad for her so I kissed her back and licked her pussy until she came. But that wasn't enough. The dildos came out and she spent the entire afternoon making good on the rent.

ONE LONG SEXY SUMMER

As a matter of fact, LA does not disappoint. Turns out, Summer was helpful and never had a bad attitude. And it helped that she was beautiful and knew how to work it.

A long month ago I was fired from my job. One that had been going on for over fifteen years. While I don't think it was fair for them to do it, now, weeks later, I can see their point. I'm hoping as some more time goes by perhaps they can put this behind them and reconsider their decision. There isn't much I can do, but I can tell a good story, and that's what got me in trouble. I'm a stringer, you see. I find stories to do and sell them, or I do ones that the news group can't do, so I'm assigned it as a freelancer.

I developed several such relationships over the years here in Los Angeles. In the several years before I started, there were more than 2,000 reporters roaming the streets of LA county gathering up the news, and that still wasn't enough for the ever-expanding metropolis. Hundreds of stringers and photographers plied the street also searching for, and finding, the elusive, sordid stories hovering just below the mainstream. Many of the photographers nourished their contacts to become part the infamous band of shooters known as the paparazzi.

Sometimes I get some little story to go out and cover and write it up for a morning release. Many times it's just some stuff about a new restaurant opening on Wilshire Boulevard, a peeping tom in the Hollywood Hills, or a twenty-foot unidentifiable creature washing up on the ritzy shores of Malibu. You know, typical LA.

About four years ago, I started getting pretty busy and couldn't keep track of all the stuff going on, as well as maintaining a proper set of books for my accountant. So... I hired an assistant. Summer. Her real name was Abbeygale, yeah, that's how she spelled it. She had moved to LA from Vegas about six years ago and started working for the LA Times. I had gotten a few assignments from her during that time and we got to know each other a little.

About three months ago she was laid off. The newspaper had to cut back because print was getting too expensive to maintain in today's digital world. Many of the staff photographers and production people were released also. But all those losses benefitted me. I had been working the streets and developed a long list of contacts that kept me busy. One of those contacts, Summer, called one day in the middle of July, of course, and asked if I needed some help. I told her I did and in a week she was fielding my business calls and cooking my books.

Just because the LA Times cut back, that didn't mean that stuff stopped happening. As a matter of fact, LA does not disappoint. Turns out, Summer was helpful and never had a bad attitude. And it helped that she was beautiful and knew how to work it. But we laid down ground rules that we wouldn't fool around because it would ruin our working relationship. That was the hardest pill I ever swallowed. After about a year, she started asking to do her own stories, follow up on some of the leads and write it up. Of course I know that was inevitable. I should have figured she was too impatient to wait and pay her dues. She said she wanted to break a big story to gain more credibility as a serious journalist. She knew how hot her looks were, and let me tell you she was sizzling, with perfect breasts always pushing tight against any top she wore.

I got into my office early to get a start on writing a piece on a famous non-celebrity caught in a car after midnight

DO I LOOK THE PART?

I'm rich, single and looking for sex.
I get invited to all the right parties,
have a boatload of cash and live
the life of a rockstar's groupie.

in a Beverly Hills garage. I got the scoop from the garage attendant that caught them, and he offered it to me before TMZ. I met him at three in the morning when his shift ended and we talked for two hours. It was around 9 am when Summer came to work and asked me to spare a minute.

I looked up from my laptop and told her I was in the middle of a sloppy sex story about... when she interrupted and said that was great, but driving to work she got a call from a source. I was willing to listen. I'm professional enough to always keep my eyes on hers even if in my peripheral vision I noticed her stone hard nipples pushing through her white ribbed tank top. Her source told her that there was a very private, very exclusive sex club in Pasadena. Well, over the years, I heard many rumors about private sex clubs. Some were true, others not, but that did not seem too unusual for LA. So I ask Summer why she thinks is this such a great story. But she countered my every objection as if she knew exactly what I was going to say. Now that I write this, it seems so obvious I could kick myself.

Summer said she was told there was a four-storey office building near the cemetery that had half of a floor dedicated to sex. Her source said special workers were flown in to finish it. The architect's floor plans showed a typical office layout with offices, bathrooms and galley space. Apparently, the owner's gatherings had become more and more crazy. She was told that he was part of a famous movie you probably saw if your eyes were not shut.

Summer said her source would invite her to the next soiree as a personal invitee but she needed a man to accompany her since all the females brought a male bodyguard. The next event was this Tuesday morning, apparently to throw off the conventional aspect of it, and the gathering of cars would not be unusual. Summer talked on for another five minutes as I finally finished my story and uploaded it to my client's server. I was finally convinced to come along. It was to be the best, and worst, decision I ever made.

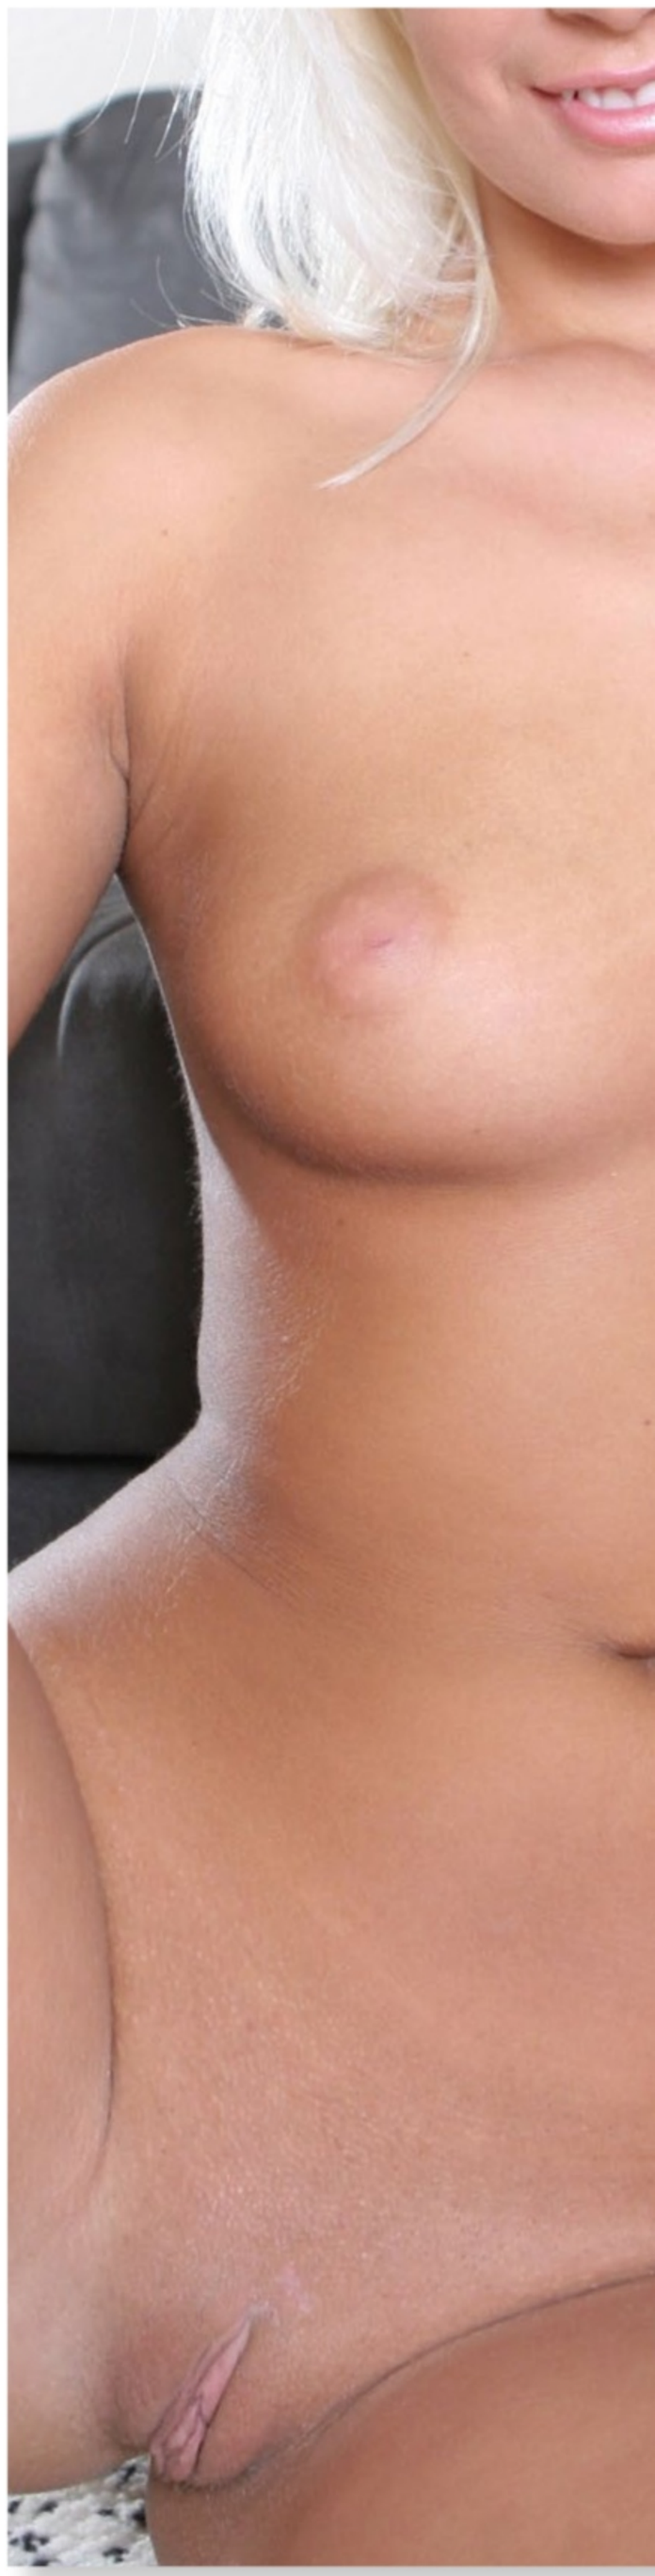
Tuesday morning comes around and Summer is there to pick me up. We drive the 25 minutes from my office to the Pasadena building. We arrive and she parks in the back and we enter inside. The service elevator is manned by a tall slim woman dressed conservatively in a form fitting business suit

I looked up from my laptop and told her I was in the middle of a sloppy sex story about... when she interrupted and said that was great, but driving to work she got a call from a source.

and white cotton blouse. She hands us each a glass of champagne and tell us to push the button for the fourth floor. The ride is slow and quiet. We sip our drinks and await the door opening. The elevator finally stops but the door does not open.

Instead, the lights dim and turn an amber color. A sweet aroma fills the elevator. When I came to, the last thing I remembered was having the drink. Things were hazy as I opened my eyes. I started to feel better and coming to. I gathered my wits and then realized I was naked laying on a bare stage riser with an erection. Before long, a female voice comes out of the shadows telling the crowd that her magic mouth and the secret serum in the champagne can give even the unconscious a rock-hard stiffie.

I sat up and put my feet over the edge and looked around. The place was dark, but all the amber lights were pointed up at the ceiling which had been painted a deep red. It seemed like someone had gone to great lengths to plan this space.



My tongue finds her hole and explores it deeply. But wait, now a strange man positions himself in front of the woman and she begins to suck his cock.

The lighting, decor and architecture were minimal yet sumptuous. As my eyes and ears adjusted, soft electronic music wafted through a crowd of fit, attractive people who all looked distant and unfocused. While a few were dressed, most were nude and the women all seemed to have four inch heels on. When a murmur ran through the crowd, I turned and what I saw made my entire body is rigid as my cock, which had gone from standing straight up to throbbing and now even thicker, longer, and harder. Out of the darkness, rimmed by the ever-present amber light, came forth the most mind-boggling naked body any man had ever seen.

As she walked over, closer to me in a controlled stride, her flawless skin was smooth dark and golden. She had long runner's legs with toned calves and thigh muscles. Her waist was so narrow that it must have been bound in a corset for years. Her stomach muscles rippled hard and firm. And then there were her breasts. The chest of a Greek goddess that is always hidden under those tunics, now exposed for the world to see their natural perfectness. Her areolas were perfect silver dollar-sized with erect nipples leading the way. Coming closer, her face was still dark, obscured by the amber hair covering it.

My rigid member was twitching and tightening as if it were about to explode on its own. But now her face. She turned slightly and showed a well curved chin, mile high cheekbones, and big, eat-you-alive eyes. And then the moment she got close, standing right over me, my cock erupted without her or me even touching it! Right there in front of me, she bent down, put her mouth to it and took my last blasts into it. With utter serenity, she gulped and swallowed, and then licked the drippings off my shaft.

She raised up and leaned in to kiss me. The taste of cherry and orange filled my senses. I was confused. Is hat the taste of my cum? Then she straightened up and pulled her mask off. It was what I had always imagined. It was what I wanted, it was what I dreamt about. It was Summer...

She turned away from me and shifted on her feet, slightly spreading them. She then lowered herself onto my still harder-than-hell cock. Her pussy was wet and warm and accepting of my hardness. Over her shoulder I see a woman emerge from the darkness and come over to her and they begin to kiss. Summer swivels her hips on my lap, grinding my cock deeper into her. I feel the other woman's chin on my balls and know she is licking Summer's clit. Now I sense a man come over to us and he begins to fuck the woman from behind.

Suddenly I feel small hands on my shoulders and they pull me down onto the riser. With Summer still riding me, a stranger's pussy lowers itself onto my face and moistly demands I lick it. The woman straddles my face and begins rubbing her sex onto me. My tongue finds her hole and explores it deeply. But wait, now a strange man positions himself in front of the woman and she begins to suck his cock. I still smell the cherry and orange and it intoxicates me. I close my eyes and envision what I just described. Six people in a situation made available to me for this one night.

Wednesday morning, I awake in my office chair. My clothes disheveled, my head foggy and my cock still hard. Somehow I got out of the club and dropped off at my office. I smell a cup of coffee brewed and ready for me. I get up, get my coffee and begin to type on my laptop. I don't know who I can sell the story to just yet, but I'm sure that will come – after I do – one more time.

Vivacious

She is a picture of sexiness that none can deny. However, hidden beneath that exterior of all-American goodness is a highly inflammable sex machine. She's about as hot as they come and with a 'do anything to me that you want' attitude, she's one sizzling nice fuck. Sex seems to cum naturally for Veronica. She oozes sex from every pore. Always the accommodating partner, she'll do anything asked of

Veronica Rayne

her. Throughout the shoot, she kept shouting: "Do me harder!" So much, so often, that even the crew got excited and a couple of the younger PAs had to leave the set. When they returned, they were in a much better mood. After a long fuck session, with a huge cock shoved deep into her pussy, Veronica still had a great attitude. Except when some dumb-ass photographer asking her to do it again because he didn't get the shot.

Voluptuous

My journey from librarian to these pages is an interesting one, I think. After receiving my Masters Degree in library sciences, I began to work as a librarian's assistant but soon quit the job after discovering that my real calling was in adult videos. There's more to me than library books. Sci-fi lovers appreciate my strong nerdy side as I call it. I'm a huge geek.

Silla

I likes a guy who sweet, goofy, super laid-back. Someone who can be totally nerdy alongside me over stuff like Harry Potter and Star Wars. Certain types of women can blast me off into space as well. I love a girl with pale skin, and women who are especially sweet but equally intelligent. Actually a huge fantasy of mine is to take one of my straight girlfriends and become her first girl on girl experience. After all I can't keep this body hidden for long. Geeks, watch out, you've been warned.
